

JECRC UNIVERSITY, JAIPUR

Computer Science and Engineering

Assignment-II Semester-I

Subject Name – CPLT (DCO013A)

SECTION A (2*5=10 Marks)

1. Why is it advisable to plan the logic of program before coding it?
2. Write any three problem solving techniques? 3. What is element in flowchart? Draw the elements used in flow chart.
4. What is the importance of documentation in program development?
5. What is the difference between testing and debugging?

SECTION B (7*3=21)

1. What is an algorithm? What are the characteristics of an algorithm?
2. Explain Compiler, Interpreter, Machine language, Assembly language?
3. Write the pseudo code for finding the smaller number out of two given numbers and draw a flow chart for the same.

SECTION C (11*3=33 Mark)

1. (a) Discuss the advantages and disadvantages of an algorithm
(b) Write an algorithm to calculate factorial of any given number
2. Explain flowchart in detail.
3. Explain Stepwise Refinement.
